Bachelor of Business Administration

Set the strong focus in Business

ABOUT EU GLOBAL

European Global Institute of Innovation & Technology (EU Global), is an accredited Institution of Higher Education, founded with a vision of providing high-quality, accredited education to global learners, enhancing their employability and global mobility. Our teaching andragogy emphasises project-based learning with a focus on evidence-based reflection, enabling the application of conceptual frameworks in real-world decision making. We truly believe in building future competencies with quality education that promotes lifelong employability globally. Our competency Lab offers research, entrepreneurial, sustainability and professional competencies to develop soft skills that formulate attitude and interactions required to be the future leader.

PROGRAM OVERVIEW

Bachelor of Business Administration is a 180 ECTS, European Qualifications Framework (EQF) Level 6 Bachelor degree with full accreditation and is globally recognised. This programme is fully accredited by Council for Higher Education Development, USA and is under pending approval by Malta Further & Higher Education Authority (MFHEA).

EU Global accepts both experiential Recognition of Prior Learning (RPL) and credit transfer through the use of learning outcomes for either an advanced entry into the programme, or module exemptions for an advanced progression in a programme. This implies we can accept application for Bachelor in Business Administration final year direct if a student possess a Level 5 Diploma in the relevant domain.

PROGRAM OUTCOMES

- Our program fosters critical thinking and problem-solving skills. You'll learn to analyze complex business problems, break them down into smaller components, and develop creative solutions.
- Develop a strategic mindset to navigate the complexities of the business world. You'll learn to analyze industry trends, assess competitive landscapes, and formulate effective business strategies.
- Become an effective communicator and confident leader. You'll hone your presentation skills, written communication, and interpersonal abilities.
- Explore the ethical implications of business decisions and learn to incorporate sustainability into your strategies.
- Stay ahead of the curve with digital literacy and innovation skills. You'll learn to leverage digital tools and technologies to enhance business operations, improve efficiency, and drive innovation.
- Gain a global perspective on business. You'll explore international business practices, cultural nuances, and economic trends.
