About

IIBM INSTITUTE OF BUSINESS MANAGEMENT

Founded in 2008, IIBM Institute of Business Management has spent nearly two decades as an online education pioneer, empowering working professionals worldwide with industry-relevant, internationally with universities and academies across Europe and the Americas. recognized business qualifications.

IIBM is a career-acceleration partner, delivering flexible, affordable, accredited programs across the - BBA, MBA, DBA and executive-certification spectrum, in partnership With offices in New York, USA and Noida (Delhi-NCR), Bangalore India, IIBM has grown to serve more than 45,000 learners and 35,000+ alumni across the globe, spanning industries from oil & gas to healthcare, banking, technology and public administration.

Our Mission Accessible education for all — making high-quality, flexible online programs in BBA, MBA, DBA and executive certification a reality for professionals, regardless of location or background.

Our Vision A world where transformative, worldclass education is treated as a right rather than a privilege — unlocking global opportunity for every ambitious learner.

Program Overview

DBA

The Doctorate of Business Administration (DBA) is at the highest level of Malta Qualifications Framework (MQF) and the European Qualifications Framework (EQF) Level 8. This doctorate qualification necessitates the primary focus of the candidate's work to showcase an original contribution to knowledge within their subject, field, or profession, achieved through original research or the innovative application of existing knowledge or understanding. The DBA Programme seeks to enhance the capability of the professionals to merge rigorous academic and critical analysis with practical relevance and application. This enables them to evolve into more effective evidence-based practitioners and contribute to the advancement of their profession by expanding knowledge.

Program

OUTCOMES

- Analyse and create new knowledge, achieved through original research or advanced scholarship, should be of a calibre that extends the existing body of knowledge within the chosen discipline and meets peer review publication standards.
- Acquire and comprehend substantial body of knowledge in a systematic manner which is at the forefront of the respective area of the professional practice.
- Transform practical knowledge to conceptualise, propose and implement a research project for the generation of new knowledge and to adjust the project in the light of unforeseen problems.
- Apply techniques for research and advanced academic enquiry.
- Recognize the significance of ethical practices in research and adhere to the highest standards of research ethics as outlined by institution's regulations and the broader academic community.

Why CHOOSE US?

At IIBM Institute of Business Management, we are committed to delivering flexible, industry-relevant, and globally oriented education that empowers learners to achieve their academic and professional goals. Our learner-centric approach combines academic excellence, practical knowledge, and career-focused learning to prepare students for success in today's competitive business environment.

EU Global Key Strengths

Quality Education
